Give Us a Rest.

Can prosperity be manufactured to order. Some St. Louis people seem to think so and have therefore organized the "National Prosperity Association." It is much to be doubted, though, from their motto if they feel hopeful of results for "Give us rest and sunshine" indicates that tired feeling that has reduced the volume of business after the Republican debauch of the last few years. Those members of the Prosperity Association, who are Republicans, are perhaps tired of Teddy and undoubtedly they are tired of the exactions of the tariff-fed trusts and corporations just as Democrats are. But just now, when Congressmen are being nominated who have refused to reform the tariff, is no time to take a rest. From now until election day is a time for work. The standpat cry of "give us a rest" is just what produced the panic and the continuing business depression. Eternal vigilance, with but little rest, is the price of prosperity.

"Who's Who?"

The Kansas City Journal has an editorial denying that money is being used to prevent Mr. Bryan's nomination. It says "Who would spend money to defeat Bryan's nomination? Certainly not the trusts or railroads." It is unfortunate for the Journal that this editorial came out just about the time when Mr. Ryan was admitting upon the witness stand that the Metropolitan Street Railway company, of New York, contributed half a million to politics in 1900 and that a part of it was used in the effort to prevent Mr. Bryan's nomination that year. The Journal says that the trusts and railroads are not against Mr. Bryan's nomination, and yet the fact that Mr. Ryan and the Journal are opposed to Mr. Bryan's nomination is a complete answer to the Journal's own statement.

A Divided House.

The two Republican factions in Congress are divided between Roosevelt and anti-Roosevelt, with the latter holding control, both through the organization and by numbers. The Cannon machine intends to pass only such legislation as the leaders are compelled to, but the constant prodding by the President has so scared the members from the close and doubtful district, that enough of them may break away from the machine program and unite with the Democrats to pass some reform measures.

The Darkey Vote.

The dear darkeys are going to fight Taft and Teddy to a finish. In a recent document presented Speaker Cannon, Vice-President Fairbanks, Senator Foraker and other prominent Republicans, the allied negro societies of the United States said that they intended to do three things:

"To arouse the women of the race to the necessity of defeating Taft and Roosevelt.

"To use the churches to which colored people belong and their pastors to the same end.

"To hold public meetings throughout the United States to protest against the nomination of Taft or Roosevelt."

And just think of that. It looks as if Mr. Hearst had a hand in this business. He will open the doors of the Independence League to the dear darkeys, and scoop a million votes which were cast for Teddy in 1904.

"The Business Man's Party."

Representative Tawney, of Minnesota, chairman of the committee on appropriation, recently addressed the House of Representatives in these words: "With a deficit of sixty or sixty-five millions at the close of the present fiscal year, and with a prospect of a deficit of 150 millions at the end of the next fiscal year, our entire surplus in the treasury threatens to be wiped out, and it is almost certain that an issue of certificates of indebtedness will be necessary to meet our obligations. With this unpleasant prospect this Congress is appropriating more money than any of its predecessors, and it is time for the members of this body to stop and reflect what we are doing."

Yet they tell us that the Republican party is the "business man's party!"

The Army of Civil Servants.

The census bureau reports that Uncle Sam has 286,902 employees in the civil service of the government, a roll far greater than that of the army and navy combined. More than half of the numbers were required to pass competitive examinations to secure appointments. Great strides have been made during the twenty years that this method of selecting men and women to do the routine work of the various departments of the national government has been in operation.

Aside from the postmasters and in some cases the laborers and mechanics, who number all told about 100,000, political influence counts for nothing in the appointment, retention or promotion of the national employee. The work of the government is growing complicated as well as extensive, and the question of fitness is highly important. Business cannot wait for the training of an army of recruits every four years.

Roosevelt Fears Johnson.

President Roosevelt and the Republican managers are said to be much perturbed over the growth of the boom for Governor Johnson as the Democratic candidate for President. To a White House caller, the President, is reported by the Brooklyn Eagle, as submitting a number of searching questions regarding the probability of the nomination of Gov. Johnson. He has all along contended that Taft could easily defeat Mr. Bryan, says the Eagle, "but is not so sure that Taft can put Johnson out of the running."

Unconstitutional?

An employers' liability bill passed the House and Senate, and now it is reported that there is a serious defect sufficient for the courts to declare it unconstitutional. Perhaps, however, judicial action on this measure, like tariff revision, will be had "after the Presidential election."

Good Chance.

A Maine manufacturer offers Congressman Littlefield \$5,000 if he will prove to the satisfaction of twelve disinterested men or women that the protective tariff is a good thing for American working men. As Congressman Littlefield resigned in order to make more money than a Congressman pay, here is a good chance to make a good start.

Has Further to Travel.

A fat man, say New York physicians, makes the best husband. And yet his wife does not find it so easy to get around him.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better. The disease is a wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve-line "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Nice Work for Women.

A celebrated Danish actress has such a reputation as a trunk packer that it has been proposed to her that she be a member of a faculty in a school for trunk packing. Women who make a success of such work would no doubt find plenty of employment during the months of fitting by women and men travelers both. And there might be an opening for a woman who could do such work to perfection at the large hotels.

Look Out For Them.

Official notice is sent out from Washington warning the public against two counterfeiters that have just appeared. One is a \$10 United States note or "greenback" and the other a \$20 gold certificate. As the counterfeiters are poorly executed and the workmanship is of an inferior order those accustomed to handling currency should not be easily deceived. On the whole there is little counterfeiting of this sort nowadays, and moderate amount of watchfulness will enable almost any person to avoid being swindled.

Law of Life.

What is the true law of our moral life? That is the question which every age sets itself to solve, and to the solution of which every contributor is welcome. And the answer that George Eliot gives is that there is a reign of law in the moral as well as in the physical world, and that this law cannot be broken with impunity. "As a man soweth so shall he also reap."

Population.

THE SECRET OF SUCCESS

"No, Sir! You cannot palm off any substitute on me. I've been using August Flower since I was a boy, and I'll have no other."

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing. Isn't that a fine showing of success? Don't it prove that August Flower has had unfailing success in the cure of indigestion and dyspepsia—the worst enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders?—that it is the best of all liver regulators? August Flower has a matchless record of over 35 years in curing the ailing millions of these distressing complaints. Two sizes, 25c and 75c. All druggists.

LAYING OF M. F. C. CORNER STONE.

—The corner stone of the Millersburg Female College was laid Friday afternoon under the auspices of the Amity Lodge No. 40, F. & A. M., assisted by the surrounding towns, under a heavy escort of Knights Templar.

This was the greatest historic occasion in the annals of Millersburg, and the only one to which it can be favorably compared is the laying of the corner stone of the old Kentucky Wesleyan College in 1859. No pains or expense was spared to make this a success and the occasion will always live as a bright chapter in the history of our little town.

The people have done much to secure the rebuilding of this institution. There is no wealth here; the individual citizens have gone deep down in their pockets and produced \$40,000 to re-

place this famous institution of which we are all justly proud, and from its ashes springs a building new and modern and when completed with the latest conveniences and equipment will mark a new era in education in this part of the State.

Much speculation was indulged in regarding the weather on this famous day. Many watched the elements almost hourly the previous day. A light rain began falling the night before and continued through the early morning hours about noon the sun burst through the clouds and all began to realize that the elements were going to look kindly upon the work, and had it not been for this rain the crowd, which numbered about 3,000, would have been much larger.

The early trains brought a few visitors to the town, but the 10:40 and 12:15 brought the bulk of the intelligent crowd. The Carlisle Commandery arrived at 10:40 in full force, bringing with them the Carlisle band. The Paris Commandery came in at 12:15 with the Elks' band, which was employed by Amity Lodge, of this place. A bountiful and elaborate lunch was served in the dining hall of the lodge building by the wives and daughters of the fraternity. About 1 o'clock the parade was formed in front of the lodge building and was led by Deputy Grand Marshal C. W. Howard, of this place, and Miss Elizabeth Veach, maid of honor, daughter of Past Grand Master Veach, of Carlisle, followed by the Carlisle band; they by the commanderies; then the faculty and students body of Millersburg Female College, President C. C. Fisher, the building committee and Architect E. Stamler, of Paris.

Second Division—Paris Elks' Band, followed by the Blue Lodge of Masons from all surrounding towns, the rear being brought up by the Grand Officers of the day, who were Deputy Grand Master S. K. Veach, of Carlisle; Grand Sword Bearer Fisher, of Carlisle; Deputy Grand Senior Warden Dr. F. L. Lapsley, of Paris; Deputy Grand Junior Warden Henry Caywood, of North Middletown; Deputy Grand Chaplain T. W. Watts, of Millersburg Methodist church; Senior Deacon Peale Collier and Junior Deacon W. A. Butler, both of Millersburg.

The procession then moved north, taking in all the principal thoroughfares of the town, closing ranks at the Presbyterian church yard, where the exercises for the hour were begun, opening with the doxology by the entire audience, followed by an appropriate prayer by Deputy Grand Chaplain T. W. Watts. A short appeal was then made by President C. C. Fisher, of the institution, after which a collection was taken by twelve prominent citizens of the community.

The address of the occasion was delivered by Dr. C. F. Evans, of Carlisle. It was a masterpiece of beauty and

eloquence, filled with profound thought, and at the same time practical and appropriate. We regret that we cannot give the address in full, for it is worthy of publication. At the close of this the orders lined up and all repaired to the College grounds across the street from the church where the corner stone was laid by the Masonic fraternity with its beautiful and impressive ceremony, presided over by Deputy Grand Master Veach.

At the close the entire concourse accompanied by the bands and led by Dr. H. C. Burroughs sang that old familiar hymn, "Jesus Lover of My Soul," which seemed to penetrate the vaults of heaven, while all nations stood still and the little birds in the leafy boughs overhead closed their little beaks and listened with rapt attention to catch the last echoing sounds as they passed beyond the range of the ear in the far away undulating air.

After the benediction the line of march was again taken up and each division halted in front of the present quarters of the Millersburg Female College where pictures were taken. The Knights Templar then escorted the Blue Lodge to the Masonic temple, where the exercises of the day were formally concluded, thus closing the most eventful chapter in the history of Millersburg.

—The Commencement exercises are again on and our little town is once more in holiday attire. The examination of the college closed Thursday and on Thursday evening, between 8 and 9:30 o'clock the entire student body escorted by members of the faculty went out serenading to the delight of all who heard them. Their voices blending with the soft moon light as they sang a number of familiar songs, produced an indescribable beautiful effect and made us all sing with the poet as we breathed our evening prayers, turn back, oh, turn back, won't you time in your flight and make us all young again these commencement nights.

On Friday evening, at 8 o'clock, Misses Anna Earl Brown, of Bloomfield, and Ethel Love Fisher, of Millersburg, graduated from the school of expression. They were greeted by the largest audience ever seen in the opera house on any previous opening night of commencement unless it was at some of the children's exercises. Her program was good and well rendered. Miss Fisher deserves special mention in as much she had been sick for several days and it was thought that morning she would not be able to do her work.

The instrumental music by Misses Booth, Hutchcraft and King, and the vocal solo by Mrs. Johnson added much to the occasion. Miss King, instructor in elocution, should be justly proud of these two graduates.

Saturday evening at 8 o'clock at the same place, Misses Ethel Love Fisher, Cynthia Willson Thorn, Millersburg; Katherine Cook, of Alexandria, graduated from the school of music. The numbers were all classical and rendered in an artistic manner. Mrs. Shannon, who is at the head of this department has been with us for several years. We know just what to expect and were not disappointed. The vocal solo by Mrs. Johnson, and the work by the chorus class deserved more space than we have to give them. The audience was large, cultured and appreciative.

At 10:45 Sunday morning, Rev. J. O. A. Vaughn, of Frankfort, preached the baccalaureate sermon at the Methodist church. Rev. Vaughn was formerly pastor of this church, and in that

beautiful, pleasing style, which characterizes him, delivered a forcible address which is indicative of much fruit.

At 7:30 Sunday evening Elder J. D. Waters, of the Christian church, of this place, preached the annual Missionary sermon at the Methodist church. The subject of Missions is an old one, yet Elder Waters brought out many new thoughts which all will do well to retain. The audiences were both large and responsive. The remainder of the exercises will be given in next issue.

Pooled Tobacco Sold.

The Mason County Branch of the Burley Tobacco Society disposed of twenty-five hogsheds of tobacco at Maysville, Saturday, to E. T. Kirk, of Cincinnati and Hite & Hennessy, of Louisville, at an average of 13 cents. The same grade of tobacco sold last year at 5 and 6 cents. It was also given out that the American Tobacco Company had purchased 150 hogsheds subject to inspection. This leaves several thousand hogsheds of Mason county tobacco yet disposed of.

Tobacco Money Distributed.

The Bourbon Warehouse Company of the Burley Tobacco Society was in session Saturday and distributed some \$5,000 received from recent sales of 100 equity tobacco, less charges and previous advances made.

Secretary Collins stated that probably as much as twenty-thousand dollars was expected in the near future, and that an additional call for 50 hogsheds of tobacco had been made as a result of sales made in Winchester, which now makes 800 hogsheds of the 2,400 hogsheds of the 1906 crop of tobacco sold to date.

Prisoners Try to Escape.

Dan Chinn and Jim Fields, the two negroes who were given a sentence of three months in jail at hard labor for stealing chickens, made a break for liberty Saturday from the county rock quarry in East Paris. Superintendent Tom McGinley chased them to the Paris Distilling Co., where they crawled under the old cattle pens near by. After making them crawl out they again broke and run. Mr. McGinley called to them to stop, they paying no attention to him. He then began to fire on them, which had the desired effect. One shot struck Fields in the hip and he tumbled to the ground. Chinn then threw up his hands and surrendered. They are now occupying their former rooms at the jail. Field's wound is not at all dangerous.

Cut in Two By Train.

L. & N. passenger train No. 67, which arrived here from Maysville Saturday morning at 7:35, ran over and killed Leslie Browning, aged 25 years, near Marshall Station, in Mason county. The entire train, engine, baggage car and two coaches passed over the body, flattening it in half.

Browning was lying on the track at a curve, and the engineer, Thomas Rice, did not see him until the engine was upon him. The circumstances of his being on the track are not known. Conductor Everett Thompson was in charge of the train.

Browning was of a prominent family and lived near Marshall's Station. The remains were removed to his home. In moving the man's mangled body, two revolvers were found in the clothing.

Later developments show that probably Browning had been murdered by a negro and then put on the track, as he had had some trouble with two negroes the night before.

Ran Down College Students.

Capt. V. G. Mullikin, of Lexington, was called with his bloodhounds to Berea, Ky., to trace the persons who took the clapper from the bell of the Berea Baptist church. The dogs took up the trail and followed it to the house where two students of Berea College, Joe Martin, of Chicago, and John Rogers, of New York, boarded. The clapper of the bell was found in a pile of ashes in the rear of the boarding house. Martin and Rogers confessed that they had taken the clapper from the bell, but claimed that they had done it as a joke. They were not arrested.

It is a well-known fact that the Chimes-Mambrino King family of trotters have produced more 2:10 and 2:15 performers, also more champions on the race track and in the show ring, than any other family known to the trotting horse world; almost every world's record has been held at one time by members of this family, and to-day more world's records are held by them than any other trotting family.

 Harrison Chief, Jr., sired by Harrison Chief. 1st dam by Peavine; 2d dam by Edwin Forrest 49.

Westwood by Blackwood 74, dam Favorite by Abdallah 15.

SUNLAND CHIEF, is the best harness stallion that has been in Kentucky since Harrison Chief. He has fine all-round action and is fast, natural trotter.

In the show ring he has won at Cynthia, Georgetown, Lexington and Paris, Ky., fairs.

At Cynthia last year he defeated ten aged harness stallions, including the Champion of the Blue Grass Fair in 1906 and the Champion of State Fair in 1905.

At Paris Fair in 1907 he won the Aged Harness Stallion Ring and the Sweepstake Roadster Stallion Ring.

SUNLAND CHIEF's pedigree is full of the blood of the great show horses, Joe Downing, Indian Chief, Peavine, Harrison Chief, and the great mares, Lizzie Peables, Favorite and Lute Boyd.

SUNLAND CHIEF is type of the horse that brings to the breeder and farmer ready money; without much handling. That he will reproduce himself is beyond doubt.

"MY STAR,"

The Royal Bred Combined Stallion,

Will make the season of 1908 at my stable at Kiserston, Ky., 5 miles North of Paris, on Shawhan and Kiser pike. He is from Kentucky's great show horse family, he being sired by "Montgomery Chief," the sire of "Daisy Field," which sold at a 4-year-old at \$7,500; also "American Girl" at \$5,000, "Montgomery Chief," r., \$1,000 at 2 years old.

"My Star's" 1st dam has produced three colts which sold at an average of \$3,200.

His 1st dam by "Simmons' Clark Chief."

2nd dam "Tattler Chief."

3rd dam "Denmark."

4th dam "Cook Spur." (Tho.)

"MY STAR," is a rich bay, 15½ hands high, foaled in 1903, star and snip in face, white ankles, heavy mane and tail, which he carries to perfection, has colts of style and a hackney in action. Will serve mares

At \$20 to Insure a Colt.

Also at the same time and place, a good mule Jack, 15½ hands, with good ear, plenty of bone and substance. Good breeder. His mules will show for themselves. Will stand

Forest Denmark 153.

This noted sire will make the season of 1908 at my home, on the Harrod's creek pike, 8 miles from Paris and 4 miles from North Middletown, at

\$20 to Insure a Living Colt.

DESCRIPTION.—Forest Denmark is a solid bay, 16 hands high, has great natural style; carries head and tail high, and is not second to any stallion in Kentucky as a getter of high-priced saddle and harness horses.

He has always been at the head of the stud at Woodford's Stock Farm, Mt. Sterling, Kentucky. I was able to get him from the fact that my father's brood mares are nearly all by him.

Forest Denmark is the sire of the Chancellor that won sixteen blue tie, in 1906, also his mate The Cardinal, which team won, single and double, thirty-eight blue ties in 1907. He has sired three other geldings which sold at an average price of \$2,821.

The breeders of Bourbon county have never had, and probably never will have again, the opportunity to breed to the equal of Forest Denmark at \$20.

TERMS.—Money due as soon as colts come, mare parted with or bred to another horse. Mares from a distance craved at \$3 a month. Every precaution will be taken to prevent accidents or escapes, but will not be responsible for those that occur.

SEASON 1908

The RIDGE STOCK FAR.**Fee \$50 The Season**

To Insure a Mare in Foal.

Sam'l Clay,

Paris, - - - Kentucky.

WIGGINS is a horse of attractive conformation, 15½ hands high, full of quality, and with fine feet and legs. In disposition and manners he is perfect. His colts are uniformly good colors and inherit his bold, frictionless way of going. They are generally pure gaited and trot with light shoes and few boots. WIGGINS himself wore a 7-ounce shoe with no boots in front. He was foaled a trotter, and as a yearling trotted a mile over a three-quarter mile track in 2:33½. He took his record when two years old and won five straight stake races and \$4,600 that season. Douglas Thomas, his trainer, says he could have trotted a mile over a good track in 2:12. His colts not only trot fast young, but sell for high prices. He was himself a bold finisher and his colts are like him in this respect. For an out-cross for in-bred mares you can't do better than to breed to WIGGINS, though he nicks well with mares of any breeding. No other stallion at the same age has ever accomplished more than WIGGINS. No other stallion of any age ever had three two-year-olds to beat 2:18 trotting in one year. No other stallion ever had seven trotters in 2:20 list at ten years.

A Lithuanian Funeral.

On Sunday morning a strange funeral cortege passed through the Mission streets. The hearse was followed by a procession of women walking in the middle of the street. They wore dark skirts trimmed with bands of lace, embroidery, or colored strips, and all wore aprons, some of black silk or cloth, but more of sheer white embroidered corners, and fringed shawls were over their shoulders. It was not a uniform, but more in the nature of holiday attire such as one sees in Italy and France on carnival occasions or fete days. The men in the procession wore conventional dress, but their bearded faces were not American. Inquiring as to the nationality of these old figures who made such a strange picture in San Francisco, I found they were Lithuanians, and that there is a large colony of them here, mostly employed at a laundry over toward the Potrero.—San Francisco Call.

Japanese Hotels.

Barring the bath, and perhaps the beds, Japanese hotels are delightful. All during your stay in their spotless precincts you are made to feel that you are an honored guest. Japanese etiquette is lavished upon you, and when you depart you are always given a token to remember your visit, usually a white, coarse cotton towel with blue pictures printed on it. You must thank the little maid for this with an elaborate bow when you go, and the chorus of "Sayo Nara" from all the hotel force gathered in the doorway will seem to have in it not only the regret of good-bye, as we interpret the words, but the deeper feeling which they really mean: "If it must be that we must part."—Travel Magazine.

Black Hole of Calcutta.

"The Black Hole of Calcutta" was a dark, practically airless prison cell some 18 feet square, into which, in the year 1756, the human brute, Suraja Dowlah, thrust 147 British prisoners. In the morning when the cell door was opened only 23 out of the 147 were found to be alive.—New York American.

A Credit to Her Husband.

The Summer Fashions.

Grace Margaret Gould, the dress expert, says in Woman's Home Companion for May:

"There are two distinct types of dress this summer, both emphasizing the straight-up-and-down effect. One is the tailored coat suit showing in many instances a cut-away coat, which gives the hipless effect, and a skirt comparatively narrow at the bottom—that is, it is made without the sudden flare that the tailored skirt used to have.

"The other type of dress is the cut-in-one gown, and great will be its favor throughout the summer. In the form of the new princess jumper this cut-in-one dress is a most practical gown to own. It can fasten in the front quite as easily as the back, and it is a model equally good for silk or linen.

"This style dress is always cut out at the neck, and is generally sleeveless, to show the gumpie, or trimmed just sufficiently over the shoulders to give a modified large armhole effect. Or it may be made, as a number of the imported models are, so that it has the effect of a polonaise cut out at the neck, but having a sleeve which is cut in one with the bodice.

"Now of course, there are many variations of these two basic ideas in dress, but whatever the fashionable model this summer, it is sure to be simple in design, lacking entirely any exasperation in form.

"Perhaps this idea is better shown in the sleeves than anywhere else, which has diminished in a pronounced way in size within the past six months, and now in most cases follows very closely the outline of the arm."

Kentucky Congressmen Disappointed.

Kentucky Representatives in Congress were much disappointed when they learned that Secretary of the Treasury Coitelou had written a letter objecting to the passage of the bill removing the tax on the sale of leaf tobacco by farmers to consumers. This practically kills the bill, as with this letter Senator Aldrich will be able to hold the Republicans in line.

Things of the Past.

The day is not far distant when "cards of thanks" will be things of the past. When death enters a home neighbors never fail to do all in their power to place a silver lining back of the dark cloud, and they do not expect or desire any thanks through the public press. One subscriber, however, not to be outdone, sent in the following:

"Mr. Editor: I desire to thank the friends and neighbors most heartily in this manner for their co-operation during the illness and death of my late husband, who escaped from me by the hand of death on last Friday while eating breakfast. To my friends and all who contributed so willingly toward making the last moments and the funeral a success, I desire to remember most kindly, hoping these lines will find they enjoying the same blessing. I have also a good milk cow, a roan gelding horse eight years old, which I will sell cheap. 'God moves in a mysterious way. His wonders to perform: He plants His footsteps in the sea and rides upon the storm.' Also a black and white shoat cheap."

Home For Indigent Odd Fellows.

The May number of the Kentucky Odd Fellow, published at Middlesboro, Ky., contained the following interesting letter written by Mr. E. B. January, member of Paris lodge of Odd Fellows: Paris, Ky., April 27, 1908.

Brother Cooke:—See from your last issue that you called attention to the home for indigent Odd Fellows and widows for this State, and did not see why the question was not agitated more. I am glad you had the article and will say as chairman of that committee, (who must make a report at the next session of the Grand Lodge at Bowling Green) that by the 1st of July I shall have a plan formulated that the committee and my self expect to keep before the lodges and brethren so that every lodge can have a report ready for the committee, so we can see the advisability of establishing such a home. If every brother will look upon this movement as the 2nd principle of Odd Fellowship, (Love) he will not stop to calculate the cost to himself of helping such a movement. Now, Brother, when a man wishes to do anything for one he loves he never takes out his pencil and goes to figuring, but goes ahead and says it must be done and the brothers will only stop thinking and only act that principle for a few years and each brother (according to report ending June 30, 1907, total membership 25,417) would give one cent a day for 5 years, we would have the net sum of \$464,870.25. Now you see what a nice sum of money that would be, and at the legal interest would amount to \$27,892 and would keep 186 Odd Fellows or their wives on the basis of \$150 per inmate. Now where is the Odd Fellow who cannot sacrifice that much for 5 years, and who knows but what I or you may be the first one to enter the home, as we do not know what tomorrow may bring forth. I understand that when such a home was spoken of in Ohio that a brother, who at that time was in business in Cincinnati and doing well, and he subscribed \$10, by the time the home was established he had failed in business and was the first inmate and only died a few weeks ago, at the home.

As I determined to make this a success, and I want every lodge as soon as I ask them to appoint a committee, that the N. G. select brothers who are in favor of such a home and will work and hustle and make a report every lodge night of their progress in the matter, and let us go to the Grand Lodge with enough pledged to secure the home. This matter cannot be done in a day or year, but when once established let it be on such a footing that will be a benefit and honor to the order and the whole State of Kentucky. I am sorry I can't visit every lodge in the State and lay this proposition before them. If they will do as our lodge, (Bourbon No. 23) did. We secured pledges in three weeks from 110 members of \$1,729 and I do not know of any brother who refused us. Yours fraternally, E. B. JANUARY.

Socialists Nominated.

Eugene V. Debs, of Kansas, for President, and Benjamin Hanford, of New York, for Vice President, was the ticket nominated early Friday by the Socialists convention after an all-night session.

Eugene V. Debs was the leader in the famous U. R. U. strike in 1894 and spent six months in jail for refusing to obey the mandate of the Federal Court.

Benjamin Hanford was a printer of New York City. He still carries a union card.

The platform positively pledges the party to Government ownership. The proposition to amalgamate with the Socialist Labor party was overwhelmingly defeated.

You Will Need an Oil Stove

When warm days and the kitchen fire make cooking a burden—then is the time to try a New Perfection Wick Blue Flame Oil Cook-Stove.

Marvelous how this stove does away with kitchen discomforts—how cool it keeps the room in comparison with conditions when the coal

fire was burning. The quick concentrated heat of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

goes directly to boil the kettle or bake the bread, and none is diffused about the room to overheat it. Thus using the "New Perfection" is real kitchen comfort. Made in three sizes and fully warranted. If not with your dealer, write our nearest agency.
